## IS BRIAN A SOLO ACT?

**Yes and no.** He is more a solo artist, let's say a solo creative artist. In his home studio, **Brian** meticulously records and arranges backing tracks. There he marinates his TRacks with an inborn musical passion.

**So, NO.** During a live performance, **Brian** is NOT a solo act. Instead, As you listen, you watch him steep his professionally and accurately finished tracks

with an incredible supply of guitar chops and tones: a soul stirring, foot tapping, body moving experience.

so, it's all up to you! **just listen!**

For twenty-five years, guitarist **Brian Ghirardelli** has performed with local bands. His bands have opened for legendary national acts such as **Derek Trucks, Tab Benoit, Vince Neil, Poco, Firefall, and The New Orleans Radiators.**

**His shows display a wide range of classic guitar-driven music:**

The searing slide-work of **Derek Trucks**

The melodic phrasings of **Joe Satriani**

The modern blues of **Robben Ford**

The Southern rock jams of **Gov't Mule/The Allman Brothers**

The country twang of **Dwight Yoakam**

The groundbreaking sounds of **Van Halen**

The rockabilly jazz of **Brian Setzer**

In his original music (titles: **Riffed Up!; La Raza; Woodland Ave.; Guns and Radar**), Brian colors, with great respect, his songs with chops and tones that bring to mind many of our classic guitar heroes.
